Whereas, Lake, Porter, and La Porte Counties are included in the Chicago Transportation Management Area for purposes of achieving coordinated land use, transportation and air quality management planning in the State of Indiana; and

Whereas, as a practical matter, the existing planning processes in both Illinois and Indiana are fully adequate to meet all the Federal planning requirements that may attach to the Chicago Area as a result of the designation of that Area as one having more than 200,000 population following the 2000 decennial Census.

Now, therefore; in consideration of these premises and of their mutual and dependent needs, the parties hereto contract and agree as follow:

First: That CMAP, NIRPC, IDOT and INDOT hereby agree to continue to actively coordinate planning activities and end products, including annual work programs, transportation plans and transportation improvement programs, for their respective planning jurisdictions thereby fully meeting the Federal planning requirements that attach to the Chicago Area given its status as an urbanized area of over 200,000 population.

Second: That CMAP, NIRPC, IDOT and INDOT hereby agree to take appropriate steps within the Illinois and Indiana portions of the Chicago area, respectively to ensure – through the transportation improvement programming processes – the fair and appropriate distribution of any Federal transportation funds for highways and transit that may be sub-allocated to the Illinois and Indiana portions of the Chicago Area, and to keep each other informed as to the disposition and use of such funds within the Chicago Area.

Third: That CMAP, NIRPC, IDOT and INDOT hereby agree to provide notification to each other of any planning and related events and activities that may have significant bearing upon the outcome of land use and transportation system development with the Chicago Area.
